

Customer Ticket Escalation & SLA Management SOP

Document Code: DOC-SOP-02 | **Type:** SOP | **Current Version:** 2.0

Organization: ApexNova Global Technologies | **Department:** CUST_OPS | **Precedence Level:** 2

Version 2.0 — P1 response tightened to 15 min, mandatory security PIN caller verification, and \$150 frontline refund limit.

Section 2.1: Ticket Priority Triage & Response SLAs

Customer tickets are triaged into P1 (Urgent/System Down: 15-minute response SLA), P2 (High/Degraded: 1-hour SLA), P3 (Normal: 4-hour SLA), and P4 (Low: 24-hour SLA).

Section 2.2: 15-Minute Escalation Threshold for P1

If a P1 customer outage ticket is unresolved after 15 minutes, it must be automatically escalated to Engineering Duty Lead and Customer Success Director.

Section 2.3: Customer Identity Verification Protocol

Before modifying tenant configurations, releasing diagnostic logs, or resetting MFA, Support Executives must authenticate customer caller identity via cryptographic one-time security PIN.

Section 2.4: Customer Concession & Refund Authority Limits

Support Executives may authorize billing credits or refunds up to \$150 USD. Credits between \$150 and \$1,000 require Finance Associate review; amounts above \$1,000 require VP approval.
